Celebrating the Art of Permanent Botanicals for Over 50 Years

For more than half a century, Plus One Imports™ has shared a deep and enduring passion for flowers. What began as a commitment to bringing beauty into everyday spaces has grown into a legacy of craftsmanship, innovation, and artistry. Today, we remain an industry leader—continually introducing new and inspiring products that elevate the floral experience for designers, retailers, and home decorators alike. At the heart of our work is a simple belief: nature’s beauty deserves to be celebrated every day. Our permanent botanicals are created with this philosophy in mind. Each stem, bloom, and leaf is thoughtfully designed to capture the essence of Mother Nature—her color, her texture, her movement, her quiet elegance. Through meticulous craftsmanship and an artist’s eye, we transform these inspirations into botanicals that feel alive with possibility.

Beauty for the Home – Effortless, Enduring, Inspired

This catalog showcases some of our most beloved interior-inspired florals and greenery. Each piece is selected to enhance the home with timeless style and worry-free elegance. No watering. No wilting. No maintenance. Just lasting beauty that brightens every room.

Imagine:

- A simple glass vase overflowing with vibrant cherry blossoms
- A European-inspired mixed bouquet arranged with effortless grace
- The soft, familiar crinkle of a Mophead hydrangea petal
- The timeless romance of an English garden rose
- The sculptural elegance of orchids and calla lilies
- The lush, clustered richness of lilac and hydrangea

Flowers speak a language all their own. A red garden rose whispers of love and devotion. Cherry blossoms celebrate renewal and the arrival of spring. Orchids and calla lilies convey refinement and quiet luxury. Clustered blooms create depth, texture, and visual abundance.

As you explore this catalog, we invite you to discover the artistry, versatility, and enduring charm of our permanent botanicals. May this collection inspire your creativity and bring the timeless beauty of nature into your world. Our botanicals allow these stories to unfold in your home every day.
